

**LOYOLA**  
UNIVERSITY MARYLAND

## Counseling Interns

Grace Community Church has had a partnership with Loyola University of Maryland's Pastoral Counseling program for several years. Annually Loyola has provided Grace with highly qualified graduate student interns. While counseling at Grace the interns are intensely supervised on campus with individual and small group supervision, in addition they have support from Grace Counseling Ministries. Loyola interns are mature, with a variety of gifts and talents, which are brought from disciplines such as education, health care, administration, military, business, and ministries. They have completed required pastoral counseling courses prior to their placement. Interns are able to provide up to 10 weeks of counseling with no charge. If you are interested in scheduling an appointment with our current interns or would like to hear more about the program email [counseling@gcconline.org](mailto:counseling@gcconline.org).

## Counselors accepting clients for 2018-2019
